Please review our financial policy statement to learn why we do not contract with insurance directly. More questions? We look forward to you email or call.

Below please find the codes you will need to contact your insurance company about reimbursement. Dr. Sievert is an out of network physician and you would be reimbursed at an out of network rate, after your deductible.

These codes do not apply to Medicare (also called Mind Body Spirit) patients because services are “non-covered” according to Medicare.

Medicare patients are not allowed to submit to their secondary insurance for reimbursement because services are not covered by Medicare.

Frank Sievert M.D.

FAMILY MEDICINE & FUNCTIONAL HEALTH CONSULTANT
